Murphy, Benedict Jacka Hi, my name is NA, I found myself in the middle of a situation worse than anything I have been involved in before. I was born with a special ability to change matter and energy, but in this case will it be enough save my friends---and me? There is a flu going around making Users and Mages sick, and killing some. It is NA s job-she has the special geas to prove it-to find the cause and to stop it, before something terrible happens. She just has to get around her emotional baggage, a grizzly, a griffin, ghosts, an AI Trick, and an angry abuser who wants revenge on NA and other dangers. At the same time, she has to figure out what a friend is. She is out of her pay grade, has no plan to find, or defeat the cause, and is caught in a wave of anger at her friends. Yet, somehow she is the only one who can stop this flu. The geas and the Power behind it, must have made a mistake and sent it to the wrong person. However, since she has it, it s her job to stop a horrible event from happening. To make it worse she has a deadline: one she doesn t know even exists. A large job for a Freak with a lot of emotional baggage, and doubts.
