Brand New Book ***** Print on Demand *****.Excerpt from **A Study on Cardinal Newman s Grammar of Assent** Assent is the ultimate appropriation or assimilation of truth by the mind, and the object of the Essay is to show what are the legitimate conditions on which this Assent is to be given. The name Grammar serves to remind us that the Essay does not propose itself as a metaphysical treatise, although its subject is psychological, and this is why it purposely avoids reference to any of the schools of metaphysics. It is as little speculative in its inquiries as possible, and avoids appealing to any authority except that of each one s actual experience, because its aim is entirely practical. It is written in opposition to the infidel philosopher of the day, who ignores all the authority and traditions of the past, and who adopts the dangerous error that logical demonstration is the one test of truth. The Essay consists of two parts - five chapters in each part - and the fifth chapter in each part is an application to revealed religion of the principles educed in the preceding chapters.
