America Star Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.In the eyes of society, using a wheelchair often gives people a reason to think that the user doesn't is somewhat beneath them. The patronizing in shops, the inaccessibility of buildings, and the inadequate ramps cause many problems for those confined to a wheelchair. This book is for those people who have the courage to take to the streets on all four wheels every day. They have the willingness to defy the obstacles. This is a book that elicits a smile from the reader and perhaps a blush of embarrassment for those who see themselves in these pages. Since 1978, Jack Houtman (1951) has been working as a physiotherapist in the somatic health industry in The Hague. Like no other, he knows the advantages and disadvantages of wheelchair use. In a humorous way, he tries to paint a picture of modern wheelchair users and the obstacles that they have to undertake daily.
