

Ecology, Economy: Quest for a Socially Informed Connection

Filesize: 4.86 MB

Reviews

A fresh eBook with an all new standpoint. It is actually written in simple words and phrases instead of difficult to understand. You won't sense monotony at any moment of your own time (that's what catalogs are for relating to if you question me).

(Dr. Marcel Collins)

Orient BlackSwan, New Delhi, India, 2013. Hardcover. Book Condition: New. Dust Jacket Condition: New. Ecology, Economy is an elaborate argument to establish society as central in policy-making for holistic development. The book presents cases of the adverse effects of resource utilisation water, metals, power, land on Adivasi communities in particular. It presents an overview of the paradoxes inherent in development projects, emphasising the drastic drop in the standard of living of rural communities, and the immeasurable damage to Indias ecosystems and resource base. The authors highlight the tussle between real growth and the rule of law, the informalisation of labour under a neoliberal economy, and current threats to Adivasi Economic the little monetised systems based on a long-term symbiosis with the natural environment, based on taking from the ecosystem without intrinsically damaging it. Printed Pages: 340.
